

## **Director of Breast Imaging and Intervention**

The Russell H. Morgan Department of Radiology at Johns Hopkins is seeking applicants for the Director of Breast Imaging and Intervention. The Director will be responsible for both our hospital practices at JHMI and Bayview Medical Center as well as our outpatient clinics. Currently we have digital mammography units with CAD capabilities, state-of-the-art ultrasound systems, a digital stereotactic system, and upgraded MRI systems. We are looking for a leader in who will lead the division to excellence in patient care, education and research. The ideal candidate is currently an Associate or Professor with a vision of building a center of excellence. Candidates for this position must be board-certified in diagnostic radiology and be eligible for licensure in the State of Maryland. We offer competitive salary, excellent benefits, and a world class department with a commitment to excellence. Interested, qualified applicants should send inquiries and a current CV to Elliot K. Fishman M.D., Department of Radiology., Johns Hopkins Outpatient Center 601 N. Caroline Street, and Room 3252, Baltimore, MD 21287; to: [efishman@jhmi.edu](mailto:efishman@jhmi.edu) or 410-955-5173.

The Johns Hopkins University is an Affirmative Action/Equal Opportunity Employer, and encourages applications from qualified women and minority candidates. Hiring is contingent upon eligibility to work in the State of Maryland.
